A: No.

Q: **Damage:** What if my item arrives damaged?

A: Our job is to get your treasure in your hands safely. We guarantee it! If package arrives with visible damage, tell the postman right away. Send me pictures if you can. We insure every package through USPS or ourselves.

Q: Do you have a **\$5 Deal?**

A: \$5 Deal--Remember, if you buy any **Record, CD, or Cassette** from us, we can transfer it to CD for you. Just add an extra \$5 at settlement.

→You can start enjoying any LP/Cassette in your car, truck, and other CD players or on your computer right away!

We've transferred thousands of LP's, CD's and Cassettes to CD -- you can enjoy them over and over without fear of hurting the record or wearing the tape.

When you receive your CD, simply make as many back up copies

as you need, easily, for safeguarding and enjoying your music for years to come.
You may also change the format easily from .wav to .mp3. (If you don't have
a program to do that, I will send instructions to get a free program on-line that
works perfectly--it's the one we use all the time)
